

TECHNOKRUTI

Aptitude Test

Event co-ordinators: Piyush Gavit, Anamika Yadav, Sampada Shukla

Faculty co-ordinators:

Event Description:

This event is designed to prepare participants for interviews by evaluating their natural abilities in critical areas such as reasoning, mental math, vocabulary, and pattern recognition. The goal is to provide a comprehensive and engaging experience that helps individuals hone their skills while getting ready for real-world interview scenarios.

Event Phases:

1. Participants will engage in a series of challenging exercises that simulate common interview questions and problem-solving scenarios. The focus will be on enhancing participants' ability to think on their feet, solve problems efficiently, and demonstrate their cognitive skills effectively.
2. Test Format:
 - Multiple-choice questions
 - Sections: Logical Reasoning, Programming Concepts, Mathematics, Problem-Solving, and Technical Knowledge
 - Duration: 1 hr

Rules for the Event:

- Time Limit: The test must be completed within the allotted time.
- No use of calculators, mobile phones, or external help.
- Any form of cheating will lead to disqualification.
- In case of a tie, a bonus question or problem will be provided.

Judging Criteria:

- Accuracy – Points for correct answers.
- Speed – Bonus for faster completion while maintaining accuracy.
- Problem-Solving – Judged on logical thinking and approach.
- Consistency – Consistent performance across sections.
- Adaptability – Ability to handle different question types effectively.
