2. Event Description – Map Mayhem is an exciting physical team-based game that combines memory challenges, navigation skills, and pirate-themed roleplay. Players must work together to navigate a treacherous pirate map filled with traps, treasures, and obstacles. The unique twist lies in the blindfolded navigation component - one player must memorize a safe path through the dangerous grid, then traverse it without sight while relying on their teammates' pirate-style directions.

The game transforms any space into a high-seas adventure, requiring no technology - just paper, markers, and plenty of imagination. Teams must demonstrate coordination, communication skills, and strategic thinking while embracing their inner pirates with authentic nautical commands and dares.
