

1. Basic Information

Event Name – Tech Debate

Event Type – Technical

Event Duration – 1.30 PM - 3.30 PM, 23rd September 2025

Venue – Seminar Hall

Event Coordinators – Sujal Maurya, Rasika Shinde 9321019630 / 9321832881.

2. Event Description –

The **Tech Debate** is a platform where participants engage in structured discussions on trending and impactful topics in technology. The event encourages critical thinking, communication skills, and the ability to defend or challenge ideas logically.

3. Participation Guidelines INNOVATION THROUGH CREATIVITY

- **Eligibility** – All year students, intercollegiate allowed.
- **Team Size** – 2-3 Members
- **Registration Process** – Online (150 per team)
- **Confirmation & Communication** – WhatsApp

4. Rules & Regulations

- **Team Size:** 2–3 members per team.
- **Format:** Each debate will have one team “**For the Motion**” and one team “**Against the Motion.**”
- **Speaking Time:**
 - Opening Statement: 3 minutes per team.
 - Rebuttals: 2 minutes per team.
 - Closing Statement: 1 minute per team.
- **Conduct:** No personal remarks; only arguments related to the topic are allowed.

- **Timekeeping:** Exceeding time limits may result in point deductions.
- **Fair Play:** Any attempt to disrupt the debate or use of offensive language leads to disqualification.

5. Event Structure & Flow

Number of Rounds

- Preliminary Knockout Rounds – Teams debate on assigned topics, and winners advance.
- Final Round – Top qualifying teams compete for the title.

Round Descriptions

- **Knockout Rounds**
 - Each debate will have two teams: one *For the Motion* and one *Against the Motion*.
 - Teams will get 10 minutes of preparation time after the topic is disclosed.
 - Speaking order:
 1. Team A (For) – 3 minutes
 2. Team B (Against) – 3 minutes
 3. Rebuttals – 2 minutes each side
 - Judges will score based on clarity, technical knowledge, argument strength, and rebuttals.
 - Winning teams move to the next round.
- **Final Round**
 - Same structure but extended time: 4 minutes each for initial statements, 3 minutes each for rebuttals.
 - Judges' scores decide the winner.

Flow of Activities

1. Opening & Rules Briefing – Host welcomes participants and explains rules.
2. Topic Disclosure – Topics given 10 minutes before each debate.
3. Knockout Rounds – Sequential debates until finalists are determined.
4. Final Round – Top two teams debate on a challenging technical topic.
5. Judging & Results – Judges finalize scores and declare winners.

6. Judging & Evaluation

Judging Criteria

- Content & Knowledge (30%) – Depth of research, technical accuracy, relevance of examples.
- Clarity & Communication (25%) – Articulation, fluency, body language, audience engagement.
- Rebuttal Strength (25%) – Ability to counter arguments logically and confidently.
- Team Coordination (10%) – Equal participation, smooth flow, supportive interaction.
- Time Management (10%) – Staying within allotted speaking time.

Scoring Pattern

- Each debate round will be scored out of 100 points, distributed as per criteria.
- Judges will maintain a score sheet for each team.
- Cumulative scores determine winners in knockout and final rounds.

Tie-Breaker Rules

- In case of equal scores, judges will:

- Consider Rebuttal Strength as the deciding factor.
- If still tied, audience impression (applause, engagement) may be used as a secondary criterion.

Judges/Panel Details

- Panel of 2–3 faculty members/industry experts with strong technical and communication background.
- Judges are briefed on rules, scoring criteria, and tie-breaker process before event.

Sample Score Sheet

Team	Content	Clarity	Rebuttal	Coordination	Time	Total	Remarks
Name	(30)	(25)	(25)	(10)	Mgmt (10)	(100)	

7. List of Topics / Debate Motions

(Topics can be revealed per round or pre-announced depending on format.)
