Venue – Seminar hall.

Event Coordinators – Sujal Maurya, Rasika Shinde 9321019630 / 9321832881.

2. Event Description –

The **Tech Quiz – Rapid Fire** is a fast-paced quiz competition designed to test participants' knowledge of technology, computer science, and current innovations. The event encourages quick thinking, accuracy under pressure, and teamwork, while making learning fun and competitive.

3. Participation Guidelines

- **Eligibility** –students only.
- **Team Size** – 2-3 Team Members
- **Registration Process** – Online (30 Rupees per team) or Offline.
- **Confirmation & Communication** –WhatsApp Community.

4. Rules & Regulations

- No inter-college teams allowed.
- Participants must register before the deadline..
- On-spot registration will close 15 minutes before the event starts..
- No multiple attempts allowed once an answer is submitted..
- **+10 points for each correct answer, 0 for unanswered.**
- Use of mobile phones, smartwatches, or any external help is strictly prohibited.

- In case of a tie, a tie-breaker round will be conducted with sudden-death questions.
- Misconduct, cheating, or disrupting the event will lead to immediate disqualification.

5. Event Structure & Flow

- **Number of Rounds** – Depends on the number of participation (Below 10 teams then there will be single round, more than 10 teams then knockout round will be there).
- **Round Descriptions** –
 - Questions will be displayed on a **projector screen** for all teams to view.
 - Buzzers can be pressed **only after 10 seconds** of the question being displayed.
 - Each round will last for **10 minutes**.
 - No use of mobile phones, smartwatches, or external help is allowed.
 - Only the first team to buzz gets the chance to answer. If they are wrong, the question will pass to the next team.
- **Flow of Activities** –
 - Registration & Seating (0–10 min)
 - Round Start (10–40 min)
 - Score Tally & Announcements (40–45 min)

6. Judging & Evaluation

- **Judging Criteria** – Accuracy of answers, response speed, teamwork, and clarity while answering.
- **Scoring Pattern** – +10 for correct, 0 for unattempted or wrong.
